Full Song Lyrics: The Complete Text

Below are the complete lyrics of the most recognized version of the song. These words capture the bittersweet nature of a love that has faded but still remains cherished.

You are my sunshine, my only sunshine
You make me happy when skies are gray
You'll never know dear, how much I love you
And I would feel so good if you were here, oh yeah

The other people may not see it
But I do, and that’s a fact
I’m not going to lie, I want to be with you
And that’s all I need, my dear

You are my sunshine, my only sunshine
You make me happy when skies are gray
You'll never know dear, how much I love you
And I would feel so good if you were here

You are my sunshine, my only sunshine
You make me happy when skies are gray
You'll never know dear, how much I love you
And I would feel so good if you were here

You’re the light of my life, the reason for my joy
When you’re gone, I feel the cold, the ache and the pain
I can’t imagine living with you, and the love you give me
It’s a blessing, that we share

You are my sunshine, my only sunshine
You make me happy when skies are gray
You'll never know dear, how much I love you
And I would feel so good if you were here
